The compilation of our children’s work is a celebratory souvenir to mark the work done during the 2 year Micro-Scholarship program (2011-2013). The English Access Micro-scholarship program, cosponsored by the Aga Khan Development Network and The American Embassy is being implemented in the Hazrat Nizamuddin Basti as a part of the larger Project: Humayun’s Tomb-Sunder Nursery-Hazrat Nizamuddin Basti-Urban Renewal Initiative.

This is not just any souvenir. It is “of the students, for the students and by the students” and that’s why it is so special. It is a reflection of their ideas, hard work and creativity.

We have delved into the work done by our students to pick out articles, letters, mind maps, vocabulary webs, illustrations etc. to give our readers a bird’s eye view of the English language teaching and its outcome as seen in their work.

The souvenir will reflect the wide and relevant exposure given to the students to make them responsible global citizens and informed Indians with a strong sense of responsibility, all this with the primary aim of teaching them the English language and making them comfortable in its usage.

We hope you enjoy reading this as much as we have enjoyed putting it together!

Thanking you

Think & Discuss

What can I change one thing about my society?

I would like to change the bribe system in my country because everywhere there is a bribe system. Whenever you go you have to give bribe for example in school admissions. All the parents face many problems during their children admission. Without bribe it is not possible to get their children’s admission in school.
Mahatma Gandhi is known as the father of our nation, because he always worked for others, even without any personal interest. He followed the path of truth, peace and non-violence. He had a sharp mind and without resorting to violence he helped India to get freedom from the brittishers. He has proved as a good leader as he had the ability to persuade the people, to join various movements so as to drive the brittishers away from India. He was a great writer, also and his writing are a source of inspiration. He worked a lot for down trodders and make them equal with the other people of our society so I want to meet him and may be live with him for a few days to learn more about the various facets of his life.
Discuss And Decide

Q: If you can change one thing about your society or country, what will it be? Why? Give 2 reasons.

Ans: If I can change one thing about our society, it will be **Noise Pollution**. Because noise pollution is a big thing in our society. Also, in the messages, people burst crackers and play DJ. I really hate loud music.

People have no need to blow horns, but they are using without reason. Honking horns now day. I'm asking my friends and others, e.g. do you like loud music in parties and unnecessary horns? They are giving me ans.

No friend in the one sound. No we hate this, so we really want to change this thing. I will go with my friends and others. People and a complaint to head office of noise pollution. I know all the thing will not change but I'm sure at least some will definitely change. I really hope.
You are walking down the road with your two friends. You find 5000 rupees notes in wallet on the ground. How will you spend it?

Yesterday, Me and Reena were walking on the road. Suddenly we found 5000 rupees notes. First of all we checked these whether these are real or fake, then I pinched Reena to see that are we looking a dream or is it real, we found it is real. After we went to a restaurant then for shopping and then to see Dabang. We decided to celebrate the birthday of Salman Khan so we called up all our friends and celebrated his birthday with full enthusiasm.

Shahana: This photograph was taken when me my family & my uncle's family went for a trip to Humayun's Tomb.

Iqra: When did you decide for a trip?

Shahana: I think we went there on 2nd feb, 2008, it was my cousins birthday.
Roshan: who is this cute child standing in the centre?

Shahana: oh, he is my cousin my uncle’s son.

Khalida: who is the man holding an umbrella?

Shahana: He is my uncle, he is from Singapore.

Roshan: Your uncle came here just for a trip?

Shahana: No, actually he had to attend a business meeting here in India.

Iqra: Did you enjoy there?

Shahana: Yes of course we enjoyed the trip very much.

Khalida: How much time did you spend there?
Shahana: we spend the whole day there. You know after this trip my whole family had a dinner together at comesum.

Khalida: Oh, that’s very good, we wish we could be there with you.
Public Speaking

If I could invent something, I would like to invent some powers in me, that would help me whenever I am in trouble & whenever I need them.

I want these powers especially for the evil things that are making the society hollow like corruption, child labour, discrimination between male and female, higher caste & lower caste, rich & poor, female foeticide, female infanticide etc. These evil things are causing harm to our society. As we have become modern, there is great change in our minds & thinking. But there are some people who still follow these evil things. So, I want to erase these evil things.

A farewell Party

Mrs Rashmi tanden asked her students to bring an interesting photograph for class. Shama brought a photograph which was taken on her farewell party and now she is describing the photo. Let us see.

Shama:- This photograph was taken on my farewell party when I was in 5th class.

Omar:- Where did you celebrate it?

Shama:- I celebrated it in my school now we’re in the school premises.

Lucky:- How did you celebrate your farewell party?

Shama:- We celebrated it with lot of fun and so many activities as there was held a competition between the students of class 5th as there was dance competition, singing competition and chess competition.
Sierra: There are so many people who have gifts except certificate for what they got this?

Shama: Well, there was a sport meet out of our school and all of them participate in that school so they got the prizes.

Jyoti: Why did you not participate in the competition?

Shama: Because I was not good at sport.

Lucky: The lady in Red Suit was your teacher.

Shama: No, yes, she is my teacher but isn’t my class teacher.

Urma: Where was your class teacher at that time?

Shama: She was clicking our photo.

Jyoti: Who was your best friend at that time?

Shama: The girl in blue jeans and black lehri was my best friend namely Sana.
Jyoti: How much did you pay for the farewell party?

Shama: We paid 200 Rs per head.

Heena: What did you get for refreshment?

Shama: We got fruits, chips, burger and chocolates etc.

Lucky: Where did you go after the party?

Shama: We went to Lotus Temple with our teachers.
I had a dream last night.
I saw an Angel in my dream. She was so beautiful, charming and attractive. When I saw her carefully in the mirror, I was surprised to see that she was me. It was unbelievable for me. I was thinking as I am looking a dream, but it was real. Then I went to a palace; it was so beautiful, large and charming. It was my own palace and I was queen of that palace. I had a magic wand also, and I was doing so many magic with that wand by just saying a mantra. I was enjoying a lot, and I was totally changed. But when I woke up in the morning, I was very upset because my dream had broken well. I wish to see this dream again and again.

When the girl woke up in the morning, she was thinking what she saw last night. She was thinking was it dream or real? For making it sure she touched her pocket, and she was so happy when she felt there is a box in her pocket that is why she was smiling, smiling and smiling.
7 May 2018

She touched the little box in her pocket and smiled.

She touched the little box in her pocket and smiled because in her box was a little magic wand which she got for helping her. Once she lost in the forest and was when trying to come out, while doing this she saw a rabbit which was in a cage. She went near the cage and opened the lock. Rabbit came out and became a angel and told her that I am a angel and have kidnapped by a witch, thank you so much for giving me freedom and she ask what are you doing here, than the girl reply that I have lost in the forest than angel say some magic word and both of them reach to that girl’s house after it the Angel gave a magic wand to the girl and said whenever you are in danger take this wand and remember me and I will be there than the girl put that wand in her lastest pocket and slept.
Story Making

Once upon a time there was a fisherman who lived near the sea. He was very poor and had no family. One day, he caught a fish that was very different from the others. It was a yellow fish with big eyes and a beautiful tail. The fisherman named it Jimi.

Jimi was very special. He had a unique ability to talk to humans. The fisherman was excited and took Jimi home. He showed Jimi to his family and they were amazed.

Jimi loved being in the sea. He spent most of his time swimming and exploring. One day, he saw a large boat full of people. They were fishing and Jimi was happy to see them.

Jimi was very curious about the people in the boat. He wanted to learn from them. The fisherman allowed Jimi to come on the boat and see what they were doing.

On the boat, Jimi met a young girl named Tami. Tami was also very curious and she asked Jimi many questions. Jimi was happy to share his knowledge.

Tami was excited to learn from Jimi. She wanted to write down everything he taught her. The fisherman was also happy to see Tami learning from Jimi.

After a while, Tami finished her work. She thanked Jimi for teaching her. Jimi was happy to help Tami.

Then both Mott & Bucki thanked Tami & they left her. They were happily forever.......

DEBATE

"Junk food is good?"

Junk food is unhealthy but is quick and easy to eat.

Junk food saves time.

Healthy food is not very tasty.

It is also very boring.

I like eating Pizza because I don’t need to cook it in my house.

I order at Pizza Hut and it comes in 30 minutes.

Sandwich is very healthy because it has vegetables which give us vitamins and calcium.

We should not eat junk food daily. We can eat them only in weekends.
Mobile phone is a boon or a bane?

Mobile phone is very useful to the people because it helps them to communicate with each other.

Mobile phone is very important for business men, taxi drivers, and for those people who need it.

Mobile phone does not create any problem to me.

After all, mobile phones are coming in lots of varieties and are cheap in rate so that people can afford them easily.

If you think that mobile phones are not so good, so why you carry it with yourself.

The Day I Went to See a Movie

Once it was a Sunday my family decided that I was to see a movie. I was very excited to that I was to see the movie. Sunday night I went to a Bros near the Jama Masjid. The hall is very big and beautiful. There are many people who have come to see the movies. My dad went to the counter and there was a very long queue to enter the hall. Then we go to a ticket checker and I sat on my seat. The hall was very dark when the movies started and the hall was air-conditioned so I was a very funny and was a comedy. Then was an interval so my dad and brother went to canteen and he bought junk food. The movies was house full -2 and I went back to enjoy myself. Then I went back to house at 12:00 clock and went to sleep.

My favourite Vehicle

My favourite vehicle is motorcycle because it is naturally air conditioned. It is helpful to save time when we are on the traffic jam. It is a two wheeler transport. When the red light is on the road, Motorcycle is not wide but is slim, it passes between two vehicle.
I can quickly come in front of all other vehicles. We can see everything around us in a motorcycle. It is self transport. It is our wish that where we could stop or not. That is why my favourite vehicle is motorcycle.

This is my another favourite vehicle because it is helpful to stop pollution. Please use the bus. Avoid car, auto & another personal transport.
My Favourite Vehicle

My Favourite Vehicle is Riksha because it is a Naturally Air-conditioned. It is opened on all four sides. I know it's a very slow but it's open. It's our wish where we can stop or not. You can buy anything. Riksha has 3 wheels. When Riksha is in the Red light, Riksha is not stop in the Red light. We see everything around in a Riksha. It's a simple transport. It's our wish that can go anywhere we want. That is why my Favourite Vehicle is Riksha.

NAME: SHEERU
My Favourite Vehicle

My favourite vehicle is the cycle because cycle is very to ride. I ride the cycle as I enjoy cycling a lot. I go to the market by cycle many things to buy and I can back on my home. Our people waste the petrol fuel but cycle is very saving. I ride by the cycle. Cycle the best.

My favourite vehicle is car, because it is safe, and it helps us to protect ourselves from pollution and it is the source of happy journey as a family can travel with the help of it together. We can listen to music and enjoy the outside scenery. A car gives us protection in every season as in summer season we can save ourselves from heat and ultra violet rays as we sit inside a car and it covers us from all around and we can on AC to get shield from heat. In winter season we can live safe from cold by on air roomheater in it, and in monsoon season too it helps us to be safe from rain, and it does not make cause to get wet. A Car is such a means of transportation through which we can go somewhere by enjoying a lot.

5. People can pass their time through surfing net, listening to music or they can read news papers and magazines comfortably.

Disadvantages:
1. During the construction/digging the road are block, which cause many problems.
2. When we are in tunnel & the electricity is gone we can get stuck in it for at least 3 to 6 hours.
3. Sometime Metro become so crowded that doors cannot be closed properly and then accidents happens.

I went to "Chaunsath Khambha" many times. It is situated in west "Nizamuddin" near "Gholib Academy". It is very famous. Monument of Nizamuddin the Sufi stands on 64 pillars that is why it is called chaunsath Khambha. There are the graves of "Mirza Aziz Kokaltash" and his wife. Both the graves are built with marble and ornament with fine carvings. I go there with my friend to play cricket. Many types of functions, programs, I like that place.
I went to the Qutub Minar with my brother. Qutub Minar is in Mehrauli in South Delhi. Mehrauli is a very big place and it is very old place. For many tombs and small tombs around the Qutub Minar. It is a red sandstone tower. The height of the Qutub minar is 72.5 meters. It was built by Qutubud-din Aibak. The Qutub Minar had seven stories but two stories have fallen. I climbed up the tower. It was very dark and steep the steps were very high...
Chandni Chowk is the Asia’s largest Wholesale market. I went there many times for shopping. It is very nice place and comfortable area for shopping. Shopkeepers of these areas sells best qualities things on reasonable price. It is better for both shopkeeper and buyers. It is the main market in Delhi. It is very crowded place. I go there with many friends to buy new clothes and other things for Eid.
I went to Lotus Temple on 21 July with my family. Lotus Temple is situated in South Delhi and it is shaped like a lotus because of this, it is called Lotus Temple. It was built by the Baha’i community. It is a very beautiful place. We cannot enter it inside. When we entered, the security guard checked all visitors. People prayed to God because this is a very peaceful place. I enjoyed very much to go there.

I went to Jantar Mantar with my family last year. Jantar Mantar is a very famous monument in Delhi. One thing I like about it is its long stairs. I love to go up and down on it. Jantar Mantar is in a huge space, and it's built by Maharaja Jai Singh II. The primary purpose of the observatory was to compile astronomical tables and to predict the times and planets. I just went once, and I liked the place and had a lot of fun with my family.

I went to Akshardham mandir on 25th June 2011. It is situated in Delhi, near common wealth game village. It is the largest Hindu temple in the world. It was built in 2005. The complex displays millennia of traditional Hindu and Indian culture, spirituality and architecture. When we enter the mandir, security guards check all visitors. Then we enter the Akshardham mandir. There is a statue of Neelkanth and many elephant statues. There is a very big temple in Akshardham mandir. It has so many different types of god statues. There is a museum of Neelkanth.
I went to “Jama Masjid” many times. It is situated in old Delhi. It is very famous and big mosque in India. It was built by the “Mughal Emperor Shah Jahan” and completed in the year 1656. Jama Masjid’s full name is The Masjid-i-JahanNama. Many people go there for “Namaz”. I go there to read “Namaz” and mostly I go there with my friend. I like the mosque “Jama Masjid”.

My Visit to The Red Fort

I went to the Red Fort with my family in March. Red Fort near is to Jama Masjid there are I was learnt many things about Red Fort like when the jahan decided to shift is capital from Agra to Delhi. Then Shahjahan was made Red Fort in 1639. The Red Fort made by Red stones. In there were many beautiful garden and big trees. There are many historical things the red fort wall was very big in Independence Day the prime minister of India hosted the flag in red fort they were and Divane Khas and Divane Arm. The Red Fort is a very famous place of Delhi. When I went to Red Fort I was played with my family. I like the that place a lot.

I went to India Gate with my friends. India Gate is a memorial raised in honour of the Indian soldiers who died during the Afghan Wars and World War I. The names of the soldiers who died in these wars are written on the walls. A fire burns in India Gate, Amar Jaan Jyoti. In the middle is constructed with black marble and a flag is placed with a soldier's helmet. Near India Gate there are many food stalls where we can also go for boating near India Gate. Near by there is a beautiful children's Park with many swings, slides, and many ice cream and balloon sellers.

The children are told that words have tremendous power. The knowledge and use of words is very important. There is a direct correlation between vocabulary size and strength, and good Speaking skills. The bigger and better their vocabulary, the more successful and confident, will the children be in their life in general.

My best friend is Shahnaz. She is nice, girl and beautiful. She passed 12th class. Now she is studying B.A Honors first years. She is very intelligent and sharp. She help my study and my personal problems. She is loyal and trustworthy. I share everything with her. My friend is careful, she spend more time with me. I fight with her sometimes. I love my best friend very much.
One of the main aims of the Enhancement activities is the overall development of the child’s personality. Our effort is to teach English through various activities guided by the theory of Multiple Intelligence, thus catering to the abilities and talents in each child so that they can perform to the best of their potential.
Enhancement Activities

Creative Writing

I had worked on creative writing through which I have learnt many new things. Creative writing workshop opened a new leaf in my life. I became aware of new things that I didn’t know before this. I have learnt to present my creativity by making visiting cards. I have learnt to make different words from single word. Now I can write words with different fonts. I enjoyed the creative workshop very much.
Enhancement Activities

Pottery

Making pots is very interesting. I enjoyed making pots I have never experienced. Anything like this in my life. We made bowls with clay and we also decorated the pots by painting them. We tried making geometrical designs and different patterns. To make our pots look attractive the instructor briefed us about the qualities of clay and at what temperature it could be dried. She also told us the different methods of making our pots.
I was so excited about Entertainment class. When I stepped into the class where the Theatre workshop was being held I was scared to see the instructor. He had an unposing personality. But when I sat for some time in this class I felt comfortable and I enjoyed my thoroughly class. He thought how to introduce ourselves to others persons. He also thought how to say one sentence in 10 different ways. Most importantly he told us when we speak to other persons should be clearly. The instructor one thing more thought that when we perform on stage we should stand in parallel & speak loudly.
Music

This is the first time I experienced how good it felt being in music class. When I was entered first time in music class I felt so nervous. But when I saw some children were very happy to sing a song that time I felt also joint with them. Suddenly instructor invited me to sing a song that time I was shocked and nervous so I took a deep breath to far away my hesitation, when I started singing I felt too good. That experience is immovable movement in my life. I will never forget this experience of my life. It was remarkable movement for me.

The Closing Ceremony of the Summer Intensive Workshop

On the day Saturday 26th May 2012 at 11:00 am the Closing Ceremony of the summer Intensive camp program started. We all had come to the school at 9:30 am and practiced. Kishwar Sir addressed the student and parents and told them the English Access program and the five day workshop. Then after Sir showed us the audio visual of the photographs taken during the workshop. After that some children sang two songs one was “Hey Peppey” and second was “Kolwe the evil Chas, lost his fear” then the students from each group shared their experiences. After that there were two plays first was two naughty boy and their neighbour” second was a the proud princess. Then there was more song is “Boogey woogey” after that Kishwar Sir distributed our mark sheets. And we have a group photographs and I am very enjoyed my self.
The Closing ceremony of The Summer Intensive Work shop

On the Sunday 26th May 2012 at 11:00 am The closing ceremony of the Summer Intensive camp program started. We all had come to the school at 9:30 am. Ms Pratika Khan addressed the student and parents and told them the English Access program and the five day work shop then Azar Sir showed us the audio visual of the photograph taken during the workshop. After that some children sang two songs one was “Hey peppy” and second was “Kolu the owl had lost his ear”. Then the students from each group “shared their experiences.” After that all “two boys first was two naughty boys and their neighbour.”

Second was a the proud princess.

Then their was two more song is “Boogie woogie”, after that kishwar Sir “distributed our mark sheets” and jam we have a group photrograps and jam “very enjoyed my self.”
My Experience of Summer Intensive Classes

I would have to say that I enjoyed most in my summer vacation classes. There I learn some interesting things like how to make cards, and we make cards by using our imagination.

I played games in summer classes with my friends. Instead of this, I went in other sections like looking music, etc.

There also I found people showing their interest in their activities and had done a fabulous job.

I am very grateful to Khawar Sir and all my teacher who had organized such a wonderful classes to us.

Apni Basti Mela

This mela was held in our basti from 29th Nov till 1st Dec. I saw many stalls having different kinds of things like food items, books, handcraft work, wood utensils, decorating material, creative work, music, altar stall, jewellery & game stall. I heard the noise of children especially the children in swing & music stall. I smelled the fragrance of altar. I tasted many food items like buri chole, biryani, bhel puri etc. I felt that people were very excited & they were enthusiastically participating in every game like drop the ball, ring, blow the candle, ladder snake etc.
Apni Basti Mela was organised in Nizamuddin at DDA park for three days. There were so many beautifully decorated stalls like food, health, check-up, jewellery, Mehndi etc. There was held a magic show too and Magicians and jokers were performing so well. So many students from different schools had come there to celebrate and enjoy the Mela. To play games and swing on giant wheel, so many volunteers were giving vocational training. They were telling the art of making puppets, were putting Mehndi on the hand of others. Fragrance of attar as smell of Mehndi and aroma of Bingiri had spread ever there. People were eating chowmian, Bingiri, Bhelpuri, Dal Bade, chocolate, chips, biscuits etc. So many tourists too have come.
there to enjoy the Mela and taste Indian cuisine
to see Indian Art & Craft as volunteers were
making these textiles, wearing sweaters and
were playing pataa. On the third day of Mela
everyone was feeling ecstatic because it
was the day when some students performed
on the stage very well and sang the
songs melodiously, everyone was praising them
a lot and asking them to sing once
more. Overall this mela was fabulous and its
ending was bang as its starting.
COOKING

The Aga Khan Foundation started a Summer Intensive Programme from 23rd May to 30th May. The programme had so many activities like cooking, pottery, life skills, creative writing etc. I participated in cooking. It was very new experience for me. I learned so many new and different things that I didn't know before like we made choco balls, Mayonhalle, Mango lass? etc. All the dishes were very tasty but mango lass? was liked by most of the students because to make this we add mango juice and lass? together which was a new experience for everyone. The funniest our cooking teacher gave us so many new and different tips also like how can we save our hand from cutting while cutting vegetable, how can we make a dish more and more interesting and how can we add different flavours into one dish. He also told us that if we'll cut onion with eating chwungum then we'll not have to face tears. Overall, it was a nice and interesting class for me and all the other students.

EXPOSURE VISITS

The Aga Khan Foundation organised a visit to the American Centre on 17th Sep and we were part of it. The main motive of the visit was to know some interesting fact about America. When we went there, first of all we met Michael Mankey, who was director of International Bureau of South & Central Asia. He had made a PowerPoint presentation about changes in rural life in U.S.A. so that we can understand about U.S.A. in a better way. He told us that before people used to milking by their own hand and it used to take so much time and their business was not spread much but now it has become so easy because of the new technical machine, and their business has spread. Thus he told us about the development of America's rural areas. After presentation we came back.
and knew how people used to live earlier. Then
we spotted a five skit which was presented
by teenagers who have come from different
different states and have prepared their skit
within ten days. The first one was about
education of a girl, the second one was a
puppetry show, the third one was based on a
Radio and a girl, fourth one was about a tami
family and the last one was about the pela
and the struggle which she made to get
success in his life, all these skits were to
make fun and to learn something new, because
all those who were performing there was their
first time but were they were full of confident
and enthusiasm. After that we came back.
On 3rd Oct 2018, the Aga Khan Foundation organised a visit to the Sanskriti Museum. All the students of Access classes went there. First of all, we met our guide who told us about the founder of Museum, who was Mr. Om Prakash Jayan, and helped us to know about the Museum. Then we went to the Museum of Everyday Art of India, which included metal toys, horse cart, nut cracker, portable and domestic shrines, spoon keepers, etc., through which we came to know how our world is changing. Then we went to the Museum of Indian textiles and came to know about the different types of embroidery included, Indigo, cotton, silk, Ritual embroidery, chain stitch work, Chijang (finest work) etc. After we went to the museum of Indian terracotta and knew about the different kinds of clay present in our Delhi, Kerala Nitti, Pile Nitti, Manipur Nitti, Orissa Nitti, Bihar Nitti etc and also saw hand modelling technique and living tradition.
On 6th Sep 2010, we went to Pragati Maidan to visit the book fair, which was extremely nice. There was a huge hall and in each and every hall there were so many stalls related to stationery, including baking books, fiction novels, activity books, science, mandala, pratiyogita dashak, paper cutting, pearl innovations, impressive crafts, candle, caricature, Meditate, printing solution etc. There was a meditation stall too and they were telling to the people how they can live tension free by doing some simple exercises. Most of the famous part of the stalls was the book and there had come 300 publishers from different countries like Pakistan, China, U.S.A, France, Germany etc. And this fair has become so extremely popular among all the people of books lovers as compare to last year the visitors had increased.

VISIT TO THE MONUMENT

I went to Lodhi Gardens with my best friends in December last year. There are many trees in the Lodhi gardens.
I saw the Lodhi’s Tomb; it is big and beautiful.
There are ducks swimming in the big lotus pond.
The gardens have big beautiful flowers.
When I went inside the tomb it was very cold and outside the tomb it was hot. There was a very old bridge in the Lodhi Gardens.
Many people go there for morning walks.
The park is 90 acres and it has Mohammed Shah’s Tomb, Sikander Lodhi’s Tomb, Sheesh Gumbad and Bara Gumbad. I enjoyed with my best friends in the Lodhi Gardens!

I like the Lodhi Gardens.

A visit to AMERICAN Center

On 19th May 2012 Mohsin six came to us for an announcement, it was about a visit to the American Center on 28th May 2012. On the next day we assembled in the school ground after the attendance. We were told to sit in the bus. When we reached there, there were two security checkers on the gate. When we passed through the gate there was a huge and well as beautiful building in front of us. There was splendor all over i.e. everyone was busy in their work. Then we were sent to the auditorium. When we settled there, the director Mr. Asit Kapadia was called on the stage, then he briefed us about his experience of making the film.
Finally the movie was screened. It was about a person Ayrton Senna who was very passionate about car racing & he was honest as well as loyal towards his profession. That’s why he was the soul of Brazil, he won 30 car racing & 3 world championship for Brazil when he was trying for his 4th world championship, he was unfortunately dead on the track. His fans & the other people were very sad; he was the first person whose death was shown on live. After the movie, the director told us that this was a real story of a person & then we were told to ask questions from the director. Many questions were asked by the students & the questions were answered by the director. & then the program was finish & we were told settled again in the bus. & we came back from there & the refreshment was provided, to bus & we were back to our home.
Important Days: All the important international events. e.g. – Women’s international day, the Earth day, Youth day, Mother’s day etc. are celebrated. The relevance and meaning of these days are explained to them in today’s context to help them become global citizens of tomorrow.
IMPORTANT DAYS

Happy Mother’s Day

let your mother feel happy.
I celebrated mother’s day on 1st May, 2011. I sang a song and a poem. We invited our mothers in the Access program. My friends Jyoti and Nagma did a role-play on mother’s day. We made greeting cards for our mothers and gave them on mother’s day. My teacher gave us a party, which we really enjoyed a lot. After that we had a doll making competition with our mothers. All my friends participated in this competition, but unfortunately I did not win. I enjoyed the celebrations a lot because it was the first competition with my mother.
I’ll thank my mother by celebrating mother’s day like it is her birthday and will do all the housework without complaint, and I’ll give a card to my mother by making myself and I’ll gift her a beautiful dress and ask her to go with me on a restaurant. I will spend a whole day with my mother and I’ll do everything which my mother will ask me to do and I’ll try to make a cute smile on my mother’s face not only for that day but everyday. I’ll try to make a smile on my mother’s face. I’ll capture lots of photos with my mother to make sweet memories and I’ll make a diary and paste all the photos so that one can never forget how important my mother is for me.
I should thank my mother not only because she bore me, but for all the things which she did for me. She gave me with lots of love and care. She always motivated me for right things and she always did all the housework without complaining. She is the only one who takes care of me and my family. She always tries to make happy everyone and she always fulfills my and my family’s needs and desires. Every person do other’s work for his own benefits but mother is the only one who does all the work selflessly. Now it’s our duty how we respect our parents. How we make happy our mothers and how we make realise our mother how important she is for us. We shouldn’t just thank our mother once in a year, but we should thank her everyday.
Why should I thank my Mom

“HAPPY MOTHER’S DAY”

To make my mom realize how important she is for me. I should thank my mom because she gave me a life. She does all housework without complaining, she always does my work without raising hue & cry. She selflessly did many things for us. She takes care of me and my family. She is my pillar of strength. She always fulfill all my needs and desire. We should thank her everyday.

A: From 1973 we have been celebrated world Environment Day on 5th June.
Write a paragraph on 80-100 words. Why do we celebrate "Earth Day"?

Earth Day is celebrated on 22nd April. It was started on 22nd April 1970, from 42 years. Every year we celebrate it. On this day, we remind that we want to save our earth. Don’t waste water, each drop of water is countable. We should grow more and more trees. Don’t cut the tree. We get oxygen from it. We want to save electricity. Don’t use plastic. Don’t make pollution. Use the cycle for short distance. We should travel in buses. If we do all these things, we will save our earth. We should keep our earth neat & clean. It also helps to save our earth.
Our Earth

Our Earth is our enjoy.
For every little girl and boy,
But we must always be aware,
That all its beauty we must share.

With all the children yet to come,
Who want to laugh and play and sport.
Around the trees and in the field.

So, we must keep our plant free
From messy trash and garbage,
With air that’s clean and fresh and clean,
For all to breathe the fresh year to year.
We must never ever harm our sweet Earth
That’s ours to use.

What are doing for others? He gave his life for ensuring equal rights for African Americans and other minorities. King fought for the rights of African Americans in all aspects of American life protected laws that required blacks to give up their seats to whites on public boycott buses. In 1955, he led the led a boycott on the public buses system in Montgomery, that lasted 385 days. On all Montgomery public buses August 1953, I have a dream all men are created equal. In 1964, King became the youngest person to receive the Nobel peace prize for his work to end racial segregation and racial discrimination. On 4th April 1968, King was assassinated by James Earl Ray. In 1983, signed third Monday of January, each year a national holiday is commemorate King.

Inspired to make someone feel that than boycott - When someone refuses to buy or do something.
Festivals

Festivals: India is a secular country and to promote this ideal, we celebrate all the main festivals of all the religions of the world. This broadens the cultural horizon, increases general knowledge and inculcates the value of tolerance. In the children.

The month of Ramadan is the one in which the Qur’an was sent down as a right guidance to mankind with the clear signs of distinction of truth from falsehood. The holy month of Ramadan is the ninth month of Islamic calendar. It is engulfed with piouness as Allah bestows his mercy and blessings on one and all. The spirits of the month seem to come alive with feasting and fasting so that people can appreciate all the beautiful creations of the lord while enjoying them thoroughly. Muslims prepare special foods and buy gifts for their family and friends and for giving to the poor and needy who cannot afford it. This pious month helps add meaning to life as one asks for happiness and imparts it to the others.
Eid was celebrated on 20 Aug. It is celebrated after the Ramadan. All the Muslims keep 29 or 30 yazes. On this day, in the morning all the men (are wont) to read the Eid Namaz. My mother makes the very tasty food like Boriyani, kosma, Dahi bade, sevaiyan etc. Sevaiyan is a special dish for this day. It's tasty, is very tasty & sweet. All the Muslims hug each other. All the people wear new & new dresses & decorate their homes. All the Muslims were more excited but the children were much more. All the relatives, friends & neighbours come to each other’s home. All the elders gave the Eidi (money) to their youngsters. I wore a simple long dress I went to the India gate & Mc D with my cousins. There we had a lot of fun. Eid is an enjoyable festival.
Eid-ul-Zoha

1. I saw people offering namaz & after that they were embracing each other.

2. I heard the noise of small children shouting & dancing with enthusiasm.

3. I smelt the fragrance of it in every body's clothes.

4. I tasted the delicious thair, sheer & chole.

5. I felt that this festival is the most important festival for all muslims & I also felt that people celebrate this festival religiously.
ID-UL-ZUHA

- I saw many goats, some goats were small & some were big.
- I heard loud of bleating of goat when they were sacrificed.
- I smelled mutton boriyan which was very tasty.
- I tasted karma.
- I felt very guilty on that occasion.
FESTIVALS

Bakra Eid is a Muslim festival. It is the day when people slaughter goats, sheep or camels in the name of Allah. It is believed that once Allah asked Ibrahim Alisalam (Prophet) to sacrifice the thing which he liked the most, his son was very dear to his heart, who was the only one. Prophet was very tense how he can do so, but it was the order of Allah so he had to do that. When he told about it to his son, he asked his father to tie a strip on his eye so that he cannot seal him while slaughtering. When Prophet was about to cut his son, a miracle happens, the son disappears and a goat comes instead of it. There is the reason to celebrate Eid. After slaughtering the goat, people do the distribution of the meat in three parts, first for the family, second one for the relatives and the third one for the beggars. This is a way to help others in terms of alms.
About Holi

Holi is regarded as the festival of colours which bring unity & brotherhood. The sprinkled colours tell us about the beginning of next season. It is celebrated in the month of Phagun, i.e., in March. The Hindu people apply gulal on others. Lots of food items are cooked in every family. The people celebrate this festival with enthusiasm. The people of other religion also celebrate this festival because the sprinkled colours attract the other people. It is celebrated because on this day the evil was burnt in the fire.

Dussehra is a famous Hindu festival. It is celebrated every year with full of enthusiasm because it is believed that it is victory of good over evil. On this day most of the people go to Ramleela Maidan and celebrate it by burning three effigies (Ravan, Meghnath, Kumbhkaran) who were demon. This festival reminds us that good always wins over evil. People celebrate it to honour Lord Rama’s victory over Ravan, who had kidnapped the wife of Rama, so Rama went to Lanka with the army to get back his wife and it was the day when Rama killed Ravan, so people celebrate it to remember and enjoy the victory of Rama.

Wishing You All A Happy Dussehra!

Diwali

When do we celebrate Diwali? This year we celebrate Diwali on 13 nov but actually Diwali is celebrated on Amavasy after 20 days of Dusshera.

Why do we celebrate Diwali? We celebrate Diwali because Lord Ram, Seeta & Lakshman was came back Ayodhya after 14 years from exile.

Why they were went to the exile? They were went to the exile because Ram’s step-mother was very cunning she said to her husband to sent Ram to the exile. His father took a promise from Ram to sent out. He accepted his father’s promise. So his brother Lakshman went with Ram for his care and Seeta was also gone with Ram. His step-mother sent him out because she wanted that Bhagat getted the thrown because he was his real son.
Diwali

Khalida: When we celebrate diwali?

Namra: We celebrate diwali 20 days after chushehra on the night of Amavasya.

Namra: Why do we celebrate diwali?

Khalida: We celebrate diwali because on that day Lord Rama came back in Ayodhya after 14 years of exile from Lanka after defeating Ravana.

Khalida: Why do we burn crackers & light diyas on diwali?

Namra: We burn crackers so that we can show our happiness for the return of Lord Rama & we light diyas because when Lord Rama was returning back to Ayodhya it was very dark & to show them way people lighted diyas.

Namra: What do you do in Diwali?

Khalida: We offer sweets to our neighbours. we light diyas & we burn crackers. we worship Goddess Lakshmi.

MY SELF &
JOURNEY OF ACCESS PROGRAM
ENVIRONMENTAL POLLUTION

While you were coming to this venue today did you notice things around you like trees, plants, shrubs, greenery all over. How did you feel about it even I did notice and I felt very happy but there was something which is irritating me. The smoke from the vehicles, honking horns and dirty puddles which can be a cause of many diseases. Today I am talking about environmental pollution which is s biggest threat to human race in our planet. It means adding impurity to environment, the environment consists earth, water, air plants and animals. If we pollute them then the earth will be in danger. Its true our earth becoming warmer and been constantly polluted. Do you know why and who is polluting it. We all polluted it. I will tell some causes of pollution firstly about air pollution. The biggest cause of air pollution is smoke, which is released by factories and industries. They released very harmful gases like carbon dioxide, carbon mono oxide, mytheme etc. these all are poisonous gases and cause lung cancer, tuberculosis etc which takes a heavy toll of life. Then, Noise pollution, the harsh sound of buses and cars and loud music is a biggest causes of noise pollution. Its effect our power of hearing and cause trouble. It has been reported that in Kolkata there are thousands of people who lost their power of hearing by the buses and cars sound loud music and the frequency sound of plane coming in and going kolkata’s airport. Now we come to water pollution in our planet there are many oceans and rivers but it has been constantly polluted by dangerous chemicals. water mills and factories released very harmful chemicals and water into many rivers and ocean after that people uses it which cause harmful effects. So please realised a danger and don’t pollute our beautiful environment.

Khalida’s Speech of YLP

Respected teachers and my dear friends. A very good morning to one and all present here. My name is Khalida and it will give me an immense pleasure to deliver a speech on such an important topic that is women’s education in society. Education is a main instrument through which we can narrow down the prevailing inequality and accelerate the process of economic and political changes in the status of women. Today the role of women in our society is very important but in the past they had struggled a lot. They had faced lots of problems. They were being discriminated and exploited everywhere, they were not allowed to seek education or to move out of their houses, they were neither allowed to vote nor they were allowed to take decision on their own but now things are definitely changing for the better. Today women have gone out into the space, they are walking shoulder to shoulder with men, and they are now top level scientist, managers and leaders. They are now leading countries as Presidents and Prime Ministers. Women’s education is a key to a better life in the future. Educating girls is not charity it is good economics and if developing nation want to eradicate poverty they must educate girls. The NATIONAL COMMISSION FOR WOMEN has rightly pointed out that even after 60 years of independence women continue to be treated as the single largest group of backward citizens of India. Today the role of women in our society has not fully understood nor has it been given its full weight age in the struggle to eliminate poverty, injustice, hunger and inequality and do you know who is responsible for this my dear friend, We are the one who are responsible for this, so we need to put our step forward so that we can change the thinking of those people who are against educating girls and then we can bring changes that we want in our society.

As MAHATMA GANDHI has rightly said that “WE MUST BE THE CHANGE WE WISH TO SEE IN THE WORLD”.

And last but not the least I think our educational system should be use to inculcate new values of equality.
Shama’s Speech of YLP

Good Morning Everyone, I am Shama, first of all I want to thank the Aga Khan Foundation, Kishwar Khan Sir, Access teachers and toastmasters for giving me such an opportunity to stand here and speak in front of you. Today I want to tell you how I got my confidence to speak in English fluently. In the beginning when I was in the primary school I used to be very nervous because I didn’t know how to speak in English, how to write in English, giving a speech in English was a dream for me when I came in secondary school I learnt little bit and when I reached in Xth class, I joined Access classes. It started with bridge class and my teacher was Mr. Erut Narayan, who gave me lots of confidence, he said you must speak no matter whether you are right or wrong then I started speaking and when I came in Access classes my teacher was Ms. Kanika ma’am who polished my English language skills further and now my teacher is Mrs. Rashmi Tandon and gradually my English has improved under her competent guidance and now I have got this golden opportunity to be a part of youth leadership program. It is like a leap for me, I have experienced six sessions of YLP. Through these six sessions I learnt to speak on table topics to introduce myself, I also learnt how to write a good speech and deliver it effectively. The Toastmasters stressed on to speak loudly, clearly and confidently. At last I want to say that I have changed a lot and turned a new leaf of my life.

YLP speech of Ikram

The Access Micro-scholarship Programme is part of Aga Khan Development Network’s Humayun’s Tomb-Sunder Nursery-Hazrat Nizamuddin Basti Urban Renewal Initiative. It was initiated with the support of the US Embassy to open up avenues for adolescents in the Hazrat Nizamuddin Basti in the age group of 14-16 years by developing their skills to use English language in everyday life.

There are over 200 young girls and boys who participated in this program by 2012. The programme innovates teaching-learning techniques and attempts to channelize the creative potential of the students into the learning process.

This souvenir is a labor of love and inspiration – the inspiration comes from the search that hundreds of children are embarking upon the journey to gain fluency in the English language. Having realized that it is the need of the hour, the Aga Khan Development Network and the American Embassy are successfully running the ‘English Access Micro Scholarship’ program in the Hazrat Nizamuddin Basti. This book is an outcome of the Access Program and showcases and documents some of the work of our children.

This inspired journey has been precious for our Access team and we have emerged happier, more confident and enthusiastic about the change we can bring in the lives of the children by giving them a new language.

We are confident that this program has enriched one students’ lives.
